DIRECTLY FROM YOUR PHARMACIST

Although NARCAN Nasal Spray is a prescription medication, all states have passed laws to increase access of naloxone in the community and in homes where there are opioids present.

In every state, residents can purchase NARCAN Nasal Spray directly from a pharmacist under a Statewide Naloxone Standing Order or Collaborative Practice Agreement.

Let NARCAN Nasal Spray be there to help you.

NARCAN Nasal Spray is available without a prescription from your doctor at all major pharmacy chains.

**If there are prescription opioids in your home,
then NARCAN® Nasal Spray should be there too.**
