

The following are Community in Crisis Overdose Awareness Day Participating Partners.

\*These locations will be featuring flags and signage commemorating the day on August 31st

The purpose of the day is to honor the memory of those we have lost by displaying purple flags at various locations throughout Somerset County. Each flag represents a Somerset County resident who tragically succumbed to a fatal overdose in 2022.

September highlights Recovery Month and celebrates those in, seeking, or sustained recovery. Locations will continue to display signage throughout the month.
